

ANiMALS Have CLASs

Classifying animals in groups helps scientists study them better. As you travel through the Zoo, write the name of the animal under each characteristic and which group it belongs to.

AMPHIBIAN | BIRD | FISH | INVERTEBRATE | MAMMAL | REPTILE

Find an animal in the Zoo*

Write the class of animal*

Breathe with lungs

Breathe with gills

Warm-blooded

Cold-blooded

Has a skeleton

Does not have a skeleton

Live birth

Hatches from an egg
